The background of the image is a photograph of a cable-stayed bridge, likely the Siekierkowski Bridge in Warsaw, viewed from a low angle. The bridge's towers and the radiating cables are visible against a clear sky. Overlaid on this background are several abstract geometric shapes: a large white triangle pointing upwards, a smaller white triangle to its left, and a series of thin, intersecting lines in brown and light blue that create a sense of depth and perspective. The overall composition is modern and architectural.
